# Tamarac 2040

**F**or the City to prosper tomorrow, it requires long-term planning today. That's why, though the 2020s have just begun, the City's already preparing for 2040 with a new strategic plan. It includes six overarching goals, which will guide our initiatives for years to come, ensuring Tamarac remains safe, vibrant, smart, connected and economically resilient, served by talented people who care.

## **Tamarac is Home**

Our number one goal is to make sure Tamarac is a welcoming and well-maintained "home." One that's inclusive and equitable to all.

To do that, we need to know who lives here. That's why everyone must be counted in the 2020 Census. Not only does the City use census data to plan for providing services, but it affects how more than \$675 billion in federal funds will be allocated to states and cities every year for the next decade. Read more about the census inside this edition.

## **Tamarac is Safe and People Know It**

It's vital that people are safe and feel safe where they live and work. Through the hard work of our first responders, Tamarac is a safe community. The crime rate is low, thanks to BSO, and Tamarac Fire Rescue's response rate for fire and medical emergencies is impressive. As they work together to prepare for potential disasters and crises, we'll continue ensuring they have the resources and training they need.

## **Tamarac is Economically Resilient**

In addition to the responsible management of the City's finances, economic resiliency means creating opportunities for our business community. The City wants a growing and diversified tax base. From workforce development to attracting new investment to the City - Tamarac is working to help people thrive, and businesses prosper.

## **Tamarac is Vibrant**

Spectacular special events like One Tamarac, our vast array of classes and programs, and our beautiful parks provide plenty of opportunities to have fun, connect with people, and enjoy a healthy and active lifestyle. We'll continue to invest in delivering an unparalleled quality of life that is green and sustainable.

## **Tamarac is Smart and Connected**

To meet the expectations of residents, businesses and visitors, the City is investing in technology and infrastructure to provide information at your fingertips, whether you're at City Hall, a City park or in the comfort of your own home. While we use technology to improve services, we will maintain our human touch and connection with the community.

## **Tamarac is a Dynamic Workplace**

None of this happens without talented and dedicated staff serving the community. To attract and keep good employees, we'll make sure to provide a workplace where they have opportunities to develop their skills and find innovative ways to serve you.

In the end, Tamarac is about the people. We are one Tamarac, and we will continue to build and grow so we remain a community of choice that we can all be proud to call home. We know that's important, and that's why we're planning today for the next 20 years. It may seem far away, but 2040 will be here before you know it.

# Everyone Counts in Tamarac:

**P**articipating in the 2020 Census is one of the most important things you can do to help the City of Tamarac get its fair share of federal funds, as well as fair representation in state and federal government. Fortunately, it's easy, safe and completely confidential. Here's what you need to know.

## Why You Should Respond

- It's your civic duty! The U.S. Constitution mandates a census once every 10 years.
- The federal government will use 2020 Census data to determine how to distribute more than \$675 billion annually for the next decade. It will help our community get our share of federal funding for schools, hospitals, roads, public works and other vital programs.
- Your responses are also used to determine how many representatives we have in Congress as well as our state legislature. Boundaries for congressional and state legislative districts are redrawn after each census to account for population shifts and to make sure districting is fair.
- Local governments use census data for public safety, emergency preparedness and to plan for the future.
- Businesses use census information when deciding where to locate.
- Real estate developers use it to determine where to build new homes.

United States®  
**Census 2020** | **COMING**  
April 1, 2020  
**EVERYONE COUNTS IN TAMARAC**

### APRIL 1ST IS CENSUS DAY

Your census count must be based on who lives in your household on Census Day, April 1st.

### CITIZENSHIP DOESN'T MATTER

Everyone in Tamarac counts and should be included in the 2020 Census, whether they are citizens or not. The census doesn't ask about citizenship status.

# Your Guide to the 2020 Census

## What's Asked and What's Not

- The census includes questions about the age, sex and race of everyone who lives in your home, including children. It also asks whether you rent or own your home.
- The census **does not** include questions about citizenship. Nor will you be asked for social security numbers, bank or credit card information, money or donations, or anything related to political parties.

## Three Ways to Respond

- You can reply to the census online, by phone or by mail.
- Census forms are available in many languages.

## Census Timeline

- You'll receive a notice in the mail between March 12th and March 20th with instructions on how to complete the questionnaire. It will include a personal code for online responses and instructions to respond by phone or mail.
- Several reminders will be sent in March and April if you have yet to respond.
- From May through July, the U.S. Census Bureau will follow up in person with households that haven't responded. Census workers wear ID badges that include their name, photograph, the Department of Commerce watermark and an expiration date. They also carry an official bag and/or a laptop with the U.S. Census Bureau logo.

## COMPLETE CONFIDENTIALITY

Your response to the census is protected by federal law and can only be used to produce statistics. It can't be shared with any other government agencies including the FBI, CIA, DHS and ICE.

2020 Census records can't even be released to the national archive until 2092 –  
*72 years from now!*

For more information on the census, visit [www.2020Census.gov](http://www.2020Census.gov).

# Beyond Bowling

Looking for an exciting evening with your friends and family? Bowlero, which describes itself as “**bowling’s coolest brand,**” completed a \$1 million renovation of Sawgrass Lanes. The overhaul turned a once traditional bowling alley into an entertainment mecca located right here in Tamarac.

With 56 blacklight responsive lanes, a full kitchen and a brand-new arcade, the remodeled Sawgrass Lanes is a great place for the whole family. High-definition projection video panels line the walls above the pins, so sports fans won’t miss their favorite football, basketball, baseball or hockey games.

Does knocking down pins make you hungry? You’ll find tasty options like Baja Fish Tacos, 2-foot-long Mega Dogs, Stone-Fired Flatbreads, XXL Hot Pretzels and even fresh salads on the menu. Oversized cocktails like the Mega Mule and the Dunk Tank are a few of the signature drinks served at the alley’s full-service bar.

The expansive arcade features 60 games, including Super Bikes 3, Tomb Raider and Halo, as well as classics like air hockey, basketball and Skee-Ball that will make everyone feel like a kid again.

And if you think that’s not enough, there are still more great things to come.

As one of our hometown businesses, Sawgrass Lanes takes pride in being a family-oriented entertainment center. From birthday and corporate parties, to fundraisers and youth programs, the staff adds a special touch to each event. “We had a little girl who loved flamingos and pineapples, so on my day off I went out and found the perfect decorations for her,” said Shift Leader Jennafer Mellott. “Her mom was filled with joy by the details we put into her party.”

Whether you’re an experienced bowler or interested in joining a bowling league for the first time, Sawgrass Lanes has leagues for all levels.

Ready for some fun? Visit the new Sawgrass Lanes at 8501 N. University Dr. or visit [www.Bowlero.com](http://www.Bowlero.com) for more information.

## Kudos for Tamarac Fire Rescue

Tamarac’s very own Fire Chief, Percy Sayles, was named Executive Fire Officer of the Year by the Florida Fire Chiefs’ Association (FFCA), receiving special recognition at Fire-Rescue EAST in Daytona Beach. The award honors his leadership, innovation, professional development, integrity, service to the public and contributions to the fire service as a whole.

In addition, Tamarac Fire Inspector Rebecca Geimer received FFCA’s Fire Inspector of the Year Award, recognizing her achievements supporting fire and life safety codes.

# Staying True to the Mission

It's easy to take our freedom for granted. Instead, it's always good to take a moment to honor those who served and fought to protect it.

Tamarac is a City that honors its veterans in more ways than one. This includes partnering with the nonprofit organization Honor Flight South Florida, which treats veterans to all-expenses-paid trips to our nation's capital. While there, they visit timeless memorials erected to honor veterans who proudly served their country.

Honor Flight currently focuses on our most senior heroes from World War II, the Korean War and the Vietnam War, but also prioritizes veterans with terminal illnesses.

Tamarac first partnered with Honor Flight in April 2016, providing bus transportation and a BSO police escort to and from the airport for participating veterans and their guardians, who serve as escorts for the day.

To date, we've supported 10 Honor Flights, serving a total of 96 Tamarac veterans.

Despite the early hour, Tamarac's elected officials, City staff and members of the public gather at City Hall at 4 am to provide a warm send-off. It's our honor to contribute to this mission and help make it memorable for our veterans.

The next Honor Flight is Saturday, April 18th. We encourage you to join us in sending off our veterans with the love and support they deserve.

# A Night to Remember

Tamarac welcomed approximately 125 people to our MLK Day event honoring the Reverend Dr. Martin Luther King Jr. After a breathtaking dance performance by Ashanti Cultural Arts, attendees enjoyed an inspiring speech by Dr. Jaffus Hardrick, President of Florida Memorial University. He spoke about the power of education and encouraged everyone to find their own dream and unique purpose.

# Construction Corner

There's a lot of construction and redevelopment taking place around town. Tamarac's transformation offers more opportunities than ever for people to build a family, build a business and build a life. Here's a look at current construction projects in the City.

## Private Development

- The Enclaves at Woodmont community, sales office at 7910 NW 79th Ter.
- Hidden Trails and Manor Parc communities, sales office at 4802 NW 48th Ter.
- Eden West, multi-family community, northeast corner of McNab Rd. and Pine Island Rd.
- Alazhar School redevelopment, 7201 W. McNab Rd.
- Community Christian Church, two-story building, 10001 W. Commercial Blvd.
- Tamarac Exchange Center, 6899 N. Hiatus Rd.
- Safeguard Self Storage, two-story addition, 6101 W. Commercial Blvd.

## Major City Projects

**Fire Station 36**

- Fire Station 36, 7499 NW 72nd St.
- Buffer walls on the north side of NW 57th St.

## Public/Private Partnerships

- Colony West redevelopment, new clubhouse (6850 NW 88th Ave.), and an adjacent Fairfield Inn & Suites (6800 NW 88th Ave.)
- Tamarac Village, north side of Commercial Blvd. between Pine Island Rd. and NW 94th Ave.

# Proclamations

The Commission made donations to support the following charities: the Broward Outreach Center, Handy Inc., the National Association of the Bahamas, the Broward Education Foundation and the Urban League of Broward County. These generous organizations help better the communities they serve.

When Hurricane Dorian devastated the Bahamas, the Tamarac CERT Team worked tirelessly to collect donations for those in need. The Commission gave a special thanks to Jarrod Sherman, Rea Mills, Bertha Cuascut West, Herb Daley, Elliot Goldberg and Sandy Ehrlich for their efforts.

# City Awards: Tech-Savvy, Financially Sound and Neighborly

**T**amarac is focused on being a smart, economically resilient and neighborly community you are proud to call home. To achieve that goal, we find ways to use innovative technology to better serve the public. We carefully manage our budget and openly share financial information with you. We also partner with our municipal neighbors to work together to serve the broader community. These awards help benchmark our efforts and motivate us to continue moving forward.

## 2019 Digital Cities Award

Tamarac received a 2019 Digital Cities Award for cities with populations under 75,000, from the Center for Digital Government. The award recognizes cities for using technology to tackle social challenges, enhance services and strengthen cybersecurity. This makes our community more secure, user-friendly, efficient and resilient. This is the fourth consecutive year in which Tamarac has ranked in the top three nationwide among cities of our size.

## Government Finance Officers Association (GFOA) Awards

Every year, the City publishes a Comprehensive Annual Financial Report (CAFR) to provide the public with a detailed account of our finances. For the 31st consecutive year, the Government Finance Officers Association presented Tamarac with a CAFR Award recognizing the quality of our Fiscal Year (FY) 2018 report. The association also honored Tamarac with a Distinguished Budget Presentation Award for the FY 2019 adopted budget, an accolade we've received for 22 consecutive years.

## Achievements in Community Excellence Award

Our neighbor to the east, the City of Fort Lauderdale, gave us a special recognition for our community partnership at the Fort Lauderdale Executive Airport Annual Achievements in Community Excellence Award Ceremony. Tamarac was recognized for the positive impact we've made to the City of Fort Lauderdale, the Fort Lauderdale Executive Airport and its surrounding neighbors.

# Volunteer of the Quarter

**O**live Smith has shown pride in her work and true dedication to the community, serving as a volunteer with Tamarac for more than 18 years.

In recent years, she has increased her participation in our events, helping to make activities like Taste of Tamarac, senior socials and many of our holiday celebrations a success. Wherever she focuses her efforts, it's always a pleasure working with her.

The City isn't the only organization that appreciates Olive's volunteerism. She has received two presidential awards from President Obama, and two bronze awards from Impact Broward for her work with that organization.

Olive, we thank you for all that you do and for your kindness, generosity and commitment to helping make your City a better place!

# State of the City

**M**ayor Michelle J. Gomez shared that the State of the City is strong, and the outlook for 2020 is even better in her annual address to the community at the February 12th Commission meeting.

She spoke about the value of long-term planning, citing Tamarac Village as a project resulting from deliberate and methodical forethought. It took 20 years to become a reality, but today, development is well underway on what's poised to be a significant economic driver for our City.

During her speech, Mayor Gomez introduced the Tamarac 2040 strategic plan, describing the aspirational goals that will guide the City's programs and initiatives for years to come.

Finally, she spoke about the need for unity in our community. She invited everyone to get involved as we continue to make Tamarac a community of choice, a place people are proud to call home.

Missed the Mayor's address? You can watch it On Demand at [www.Bit.ly/2020sotc](http://www.Bit.ly/2020sotc).

## Green Scene

*Tips to help you recycle the right way and conserve our natural resources.*

- Conserve water while handwashing dishes by using a low-flow faucet, scraping food residue into the garbage first and filling the sink with soapy water instead of keeping the faucet running. When using a dishwasher, wait until it's full to run it and use the most eco-friendly cycle.
- While plastic bags aren't allowed in curbside recycling, many retailers collect and recycle them, including grocery stores right here in Tamarac. For a list of locations, visit [www.PlasticFilmRecycling.org](http://www.PlasticFilmRecycling.org) and enter your zip code.

## Time Your Ride

**T**amarac is making it easier and more convenient to use our community shuttle buses by offering tracking services with the Ride Systems mobile app. It works with the City's red and red extension transit routes.

Just visit your app store and search for Ride Systems. Download the free app to your smartphone, then select "Ride Tamarac." Once you've done that, you can take a quick tour to learn how to find real-time bus locations and estimated arrival times, mark favorite stops for quick reference, and set up notifications and reminders telling you when the bus will arrive at your stop.

You can also opt to receive a text message providing the next two times the bus will be at your stop. Send a text message to 41411 with the stop ID for which you want to receive notifications. You'll find a list of stop IDs at [www.Tamarac.org/Transportation](http://www.Tamarac.org/Transportation).

# Every Second Counts

Last September, Corey Smith called 911 when his roommate fell out of his computer chair and was unresponsive.

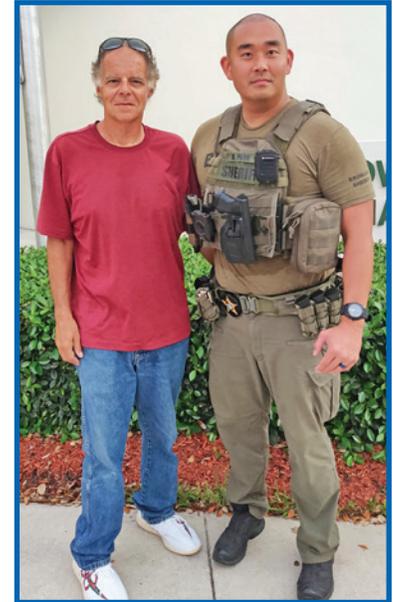

Luckily, Tamarac BSO Detective Dan Park was across the street when he heard the call on the radio. In a situation where every second counts, Detective Park ran toward the man who was frantically yelling for help. He was led into the home where he found Joseph Basile with bluish-purple colored skin lying on the floor, unconscious and not breathing. The detective sprang into action and administered CPR. "Go outside to flag down Fire Rescue," he told Corey.

Upon Tamarac Fire Rescue's arrival, they used their automated CPR device, then rushed the unresponsive resident to Florida Medical. Joseph's condition was more severe than expected. Doctors sent him to the emergency room for a quintuple (five)

bypass surgery and inserted a defibrillator to restore his heart's normal rhythm.

After a long recovery which included five weeks in intensive care, five weeks in the hospital and two weeks in rehab, Joseph visited the Tamarac BSO office to thank Detective Park for his actions.

Joseph has fully recovered from that traumatic September day with no permanent damage. "I wouldn't be here today if it wasn't for him. He saved my life."

# Leadership Tamarac Class of 2020

Leadership Tamarac is an annual program for high school students in grades 10 - 12. It provides the opportunity for them to learn about leadership, local government and public service.

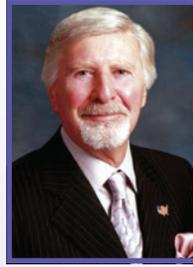

We congratulate the 17 graduates of this year's program. They participated in activities with all City departments including mock fire drills, a build-a-park project

and tours of City parks and facilities. They also met Tamarac's elected officials, City leaders, Broward County Commissioner Michael Udine and FBI Community Relations Coordinator Jeff Green, who is also a Cooper City Commissioner.

We enjoyed our time with these bright and engaging students and wish them all the best in their future endeavors!

# In Memoriam: Edward C. Portner

It is with great sadness that we note the passing of Edward C. Portner, a former Vice Mayor and City Commissioner for Tamarac's District 1.

Ed served on the City Commission from March 1999 through March 2008. During that time, he was appointed to serve as Vice Mayor in 2002 and 2006.

A decorated World War II combat veteran, Ed served on several county boards and committees, including the World War II Memorial Committee. He also chaired the Kids In Distress Charity Golf Tournament.

His professional endeavors included owning and operating three successful furniture stores in Florida and serving as a senior executive with Levitz Furniture.

## Earth Day 2020

At the time of this publication, the City is planning several Earth Day 2020 activities to raise awareness of the importance of clean air, land and water. Stay tuned for details on social media, our website ([www.Tamarac.org](http://www.Tamarac.org)) and the Tamarac To Go mobile app.

## Calling Tamarac Teens

We know teens are an untapped resource, full of ideas about exciting events, activities and the future of Tamarac. So, we are forming a Teen Council to capture the next great idea. Students in grades 8 - 12 will:

- Earn community service hours for school
- Meet new people and make great friends
- Attend fun and exciting outings
- Engage with positive role models and business professionals
- Become an agent for change
- Make an impact in your community
- Empower your peers

Teens must be residents of Tamarac and able to attend all scheduled monthly meetings to participate. For more information, please call Sam Monroe at (954) 597-3648.

# CAPORELLA AQUATIC COMPLEX
